

I would like to convey my desire that Christian radio be allowed to continue and thrive as it has been with the help of faithful men and women in Christ.

Hardship in forcing 24 hour manning of the station and outside influences to coerce a general populace stance that is not Christian in nature I do not condone. These stations have been running successfully for years and following all the guidelines of the FCC. Tampering with the success of such stations I am firmly against. Please consider my views as a regular listener of Christian radio.

Thank you for your time and allowing my input.

Regards,  
Ben Veltri
